

Authority Hoax

Ace Fricke

Just wanted to share this before you get to the article below and offer a different perspective.

It is our collective belief in the external authority hoax that enables government, religion, public schools, marketing, the legal system etc... to thrive and enslave our minds (and in some cases our bodies).

The external authority hoax is the oldest and most heinous hoax ever perpetrated upon mankind. The notion that someone else who was also born on this planet somehow has a divine right to control your life (by controlling your mind) is sheer lunacy when the ramifications of this finally dawn on you.

You were born on this planet naked and free. No name, no date of birth, no driver's license, and NO MONEY. The need for these accoutrements are a totally man created contrivance. There is none of it in nature.

The answer to the age old question: Are we our brother's keeper? Is YES! We are our brother's keeper. We are all one spirit, individuated for the purpose of growth and experience. Although some people do bad things to others these experiences are for the grand purpose of learning through our various roles and incarnations the act of forgiveness. There are no victims. The pedophile, murderer, tyrannical dictator etc... in their previous incarnations were themselves the victims. The victims in their previous incarnations were the pedophiles, murderers, tyrannical dictators etc...

Eternity is a long, long time and we have every precious minute of it to figure out that what we do to another, we do to ourselves. The reverse is also true in that what we do to ourselves, we do to the

other. Forgiveness breaks the cycle of victim/victimizer and ends the need to experience the lesson and graduates us to the next level of our being of just being.

I realize that it's not easy to get your head around some of this and that's OK. You don't have to agree with any of it. In fact, you don't have to do ANYTHING...

Here's the article...

Fall From Grace: The Catholic Church

In order for a lie to exist a lack of information must be present. We as a planet have graduated, we now exchange information at the speed of light, and therefore to oppress people with a lie is a thing of the past.

Religion has been one of the tools used to keep people in fear and giving up their power to the top of the pyramid. Before there was government there was the church, what humanity thought at the time was the church and god ruled. Humanity did not think they had any power. As we have evolved we have remembered that we do indeed have power beyond measure. We are remembering that we do not need anyone to tell us what to do or how to gain eternal life, for we are eternal beings. We no longer

need people or institutions to do the thinking for us. We have our own access to information.

This new paradigm of thinking poses a threat to the institutions of the old world. The church has always held dominion over this planet through fear, secrecy, and lack, all in the name of God. As humanity is awakening to all the information we have at the tip of our fingers, the lies we once believed in, in order to feel secure, are no longer needed.

The bible, the church, Christ, the man sitting on a cloud, is no longer needed. The church is trying to justify their demise and exposure by saying, "in the end of days Satan will sit in the church".

"The evil influence of Satan was evident in the highest ranks of the Catholic hierarchy, with cardinals who do not believe in Jesus and bishops who are linked to the demon," Father Amorth said.

When you look at religion logically it boils down to three possibilities 1) God will grant your prayer. 2) God wants you to wait for what you want.) 3) God doesn't want you to have it. When that approach is taken, the church, Jesus Christ, God, Alah (whoever) can be interchanged with something as everyday as a toothbrush. The illusion of something or someone having power is exposed.

Leviticus 20:13 If a man also lie with mankind, as he lieth with a woman, both of them have committed an abomination: they shall surely be put to death; their blood shall be upon them.

All of the scandal that is happening in the church right now with abuse cover ups and molestation charges are not gossip or the work of the devil. They are the works of men. The cases of abuse are not isolated they are global, they are not old they are current. It is time man became responsible, got off its knees and stood strong and powerful.

As you will see in this short BBC documentary the information age has arrived, and with it the truth. The remembering that we are true divine beings. All that we have done in the name of God is a lie, a nauseating demonic ritual from the old world.

We have come here in this time to remember we are the gods we have being seeking, we are omnipresent and a part of everything. With the light (and love) came that truth.
