

The Dead Fiction God of Chaos

Much of my work has centered on Genesis 1:26-28 in using “Our” Dominion as a remedy against the SYSTEM as it is truly a part of the SYSTEM. It was the only thing I could find within the SYSTEM that put authority back into the hands of the people rather than those who control the SYSTEM from positions of the hidden hand. Arthur and Fiona of the Love for Life Website have been writing a number of articles which made me rethink this remedy and for the most part Arthur’s way made more sense for some good reasons. Arthur basically said that we must turn our backs on the SYSTEM and remember that we are LIFE and not these Dead Fictional Entities that feed off of LIFE. In essence a dead fiction cannot do anything, it is we LIFE that does everything and animates a play of FICTION

for them. So rather than play their game in FICTION just be LIFE or rather the Living Creator if you must define yourself and order the changes to be made to the Dead FICTIONS and paperwork.

That all said what do you suppose is missing from Genesis 1? There are actually a lot of things missing from Genesis 1. Well two key things, Life and Love. God does not say he loves us and God does not say he gave us Life. In Genesis 2, LORD God says he gave Adam Life, through the Breath of Life, but that of course as we know is a Lie as LORD God makes claim to the creations that God just created for himself. There is no Life in LORD God as LORD God as we know is a Demon and thus a Parasite that feeds off of LIFE.

Now then if we altered your DNA in a Test Tube and made you glow Pink for example, would you still be man? Some would argue yes others would say no, perhaps we would call you a pink-man instead. If we altered your DNA to such a point that you became a Squirrel instead of a man, then we would call you a Squirrel instead of a man as all LIFE makes use of DNA from birth to create its LIFE Form right? So what is the constant here? Well you probably guessed right, LIFE. DNA is a mathematical sequence of coded information which brings about all structures of LIFE on earth. All DNA acts as both a receiver and transmitter of information for each cell and each cell has access to the Life Energy Fields around LIFE through the sympathetic nervous system that uses the nerve cells as conduits to the energy fields. So the LIFE Form we have taken, called man, is merely one of trillions of possibilities perhaps of how we can express ourselves as a LIFE form within the Universe.

Love is the other component. Love comes from all LIFE in that it recognizes through these LIFE Forms that we are all created equal not in Form as much as we are all LIFE. Within that LIFE Form lays a spiritual structure upon which LIFE maintains to animate the LIFE Form. At what point does God come into play then? It says in the Bible that God created all Kinds of Life including man. It also says that God did this in the beginning not at the beginning, so what was present before “God” did all this? LIFE was present and always has been present. The Bible does not say that God is LIFE so what is God? The ancient text of the Bible calls God the Superior Ones, there is no mention of God. Within LIFE there is

hierarchy all are equal and all are loved and give love, in that we love is an awareness of all LIFE. What has happened is that a dimension based upon duality has been created, how and why I do not know, but we are in it. I suspect that we LIFE as the Living Creator of all that exists allowed for fiction to exist as part of the duality, realizing that we could create an illusion based upon truth or based upon fiction; it is a choice of free will. However we have long past the point of free will as we have given LIFE to Demonic entities that feed off LIFE through the structure of FICTION to the point where we are overwhelmed by them. We are cut off from our sense of knowing and thus sense of creation and our body DNA has been manipulated to shut down the conduits to our spiritual awareness.

It is a few that control the many and the control SYSTEM is embedded upon the things we are made to believe that we need to give us LIFE, when in fact we are LIFE. Thus the purpose of the SYSTEM is to suck and destroy all LIFE for the demonic/satanic worshipers of these Demons they call Gods. We give these Gods/gods a short term of life so they need to feed often in order to maintain their life. So this is why Churches are set up to have you worship some of their God's, mainly Lucifer and Satan. A mass a Church is a Satanic Ritual in that you are asked to bring JESUS into your heart (Possession), eat the body of Christ and drink his Blood (wafer and wine) Cannibalism based upon the Cabal that follow Lucifer's Kaballah of human sacrifice.

So how do we attribute Chaos to God? Well the very verse that I have been using as a remedy, Dominion, Genesis 1:26-28. When you give man dominion over all the earth and over every living thing, you then have 2 or more of man squabbling over whose dominion will be honored as only one can truly have dominion, the other(s) must be a slave. This creates conflict of course and where there is conflict energy becomes of low vibration and spills over into the Demonic range where we have Law, or rather Dead Law. All Laws written down are called Dead Law because it does not come from those who are present in LIFE. We know what is right and Just from our hearts in every situation; we do

not need to read laws of another man to tell us what is needed to be done to create balance and true justice through love. The other thing that God says is that we have dominion over living things. This totally devoid all reference to LIFE. God also mentions that he creates different Kinds, but he did not create LIFE as LIFE is always there always present and eternal.

In fact is God really LIFE or is God a Dead Fiction? That is really easy to answer isn't it? If God were LIFE we would be aware of his presence in LIFE. Where is God? You see that is the kicker, God did not create LIFE as God is not LIFE. God is the Dead God of Chaos in that Dominion creates chaos between LIFE Forms and yet the earth is also a LIFE form abundant with LIFE Forms and works on an a structure of interdependence with all LIFE to maintain LIFE in balance. You pick up a hand full of Earth and you will find millions of microbiological LIFE forms in that one handful of Earth. You plant a seed in that Earth and it will bring forth a plant using the Sun's energy, water and Earth to produce a source of food,

medicine or simply LIFE to be present in the Dream of Life. To own something is to possess something. The thing that you possess is what you become, because you are putting your energy into it. This simple realization that if you enslave LIFE, you create for yourself your own prison; whereby you become enslaved. You focus on making use of Dead you draw to yourself death. LIFE has presence of LIFE and thus we need to work in balance and concert with LIFE not try to mold it into our needs and wants, thus doing harm. To harm other LIFE is to harm yourself as we are all one LIFE. Thus we create more Chaos and look for others to lead us out of Egypt into the promised land of freedom, only so we can be told that God gave us this land so it must be ours and all others must be kept out, thus interfering with free will of LIFE and thus removing your own free will to go other places as you have settled for a land mass and not realize that no one can prove their claim to the earth. God is not present in Life and LORD God is not God, but a demonic man possessed by a Demon leading the masses into possession so that they may be possessed and consumed.

So is God the Dead God of Chaos? You will have to decide for yourself. I put forward my argument to support it, but one must remember that there is no truth in fiction and the Bible is a work of fiction. We are the Living Creators, we are LIFE. This possession thing is not limited to man, it is present in all "Kinds" of Life as well. Nature is abundant with examples of territorial prowess and hierarchical structures. However because the Kind of LIFE Form taken on through the DNA certain limitations exist within the CONstructs of that LIFE Form. What is also true is that Love transcends all LIFE Forms and the programming that takes place through instilling memories into the DNA of trauma can be overcome through Love, which again is that awareness we are all LIFE and all One.

The SYSTEM works on the fraudulent perspective that we can Claim things as being our own, including man being claimed as PERSONS through Countries. The SYSTEM makes use of dead law as all law is on paper then interpreted by those actors in fiction who are not present to life. Law or rather what is right and just can only come from the Living balanced in the light of Love. Those of the SYSTEM are claiming intellectual property rights over all fiction, in that everything that has a name assigned too it is a form of property and thus owned by the CROWN, Dead God of Chaos, with his minions Satan and Lucifer. Of course the natural world does not show any of these names upon the LIFE Forms or so called Property upon their natural creation. Does the word Tree appear on Trees? Does the name Fox appear on a Fox? No they don't, so by naming LIFE Forms one is committing a fraud or at the least telling a Lie as it is merely a LIFE Form. Now let us say that you found a dead Fox, then perhaps we could own that eh? Wrong again? The dead fox is present to LIFE. Its body is not a fiction and the earth along with all of nature will transform the dead body back into other forms of life. LIFE transmutes all dead life. Fiction does not exist so there is nothing there to transmute or be present in life, so Fiction when used actually transmutes LIFE into imbalanced destruction affecting all LIFE. But it is always LIFE that has taken on the illusion of FICTION that creates the destruction of LIFE. We feed these demonic entities that use mind control to serve their needs as parasites, rather than simply destroying the parasite as it is not life at all and restoring LIFE to those who walk as actors in fiction.

We are so overwhelmed with this FICTION and demonic parasitic Satanism all over the earth now, that it is indeed creating a great deal of Chaos. These same parasites have been with us for thousands of years now and have caused a great deal of destruction to LIFE. Turning our backs on their SYSTEM is a start,

but not always easy to do. One must strive to get out of debt and stop using mammon and do things out of service to others rather than service to self. Volunteer for things and grow food for yourself and others. Create free sources of energy, such as watermills, solar panels, windmills etc. Be present to LIFE and recognize that all LIFE Forms are merely a façade and that we are all one LIFE.

Courts do not exist, only buildings with a name on it named a Court House exists, which is made out of dead materials and holds dead laws. You can change the name of the building structure and it does not change the structure. It is therefore a lie, a fiction as it is with assigning names to LIFE Forms. It is all about possession and Dominion, where only one can have Dominion hence our Sovereign Queen or King etc. What a crock of shit, we are all equal and they do what they do so the few can parasitically control the many. Further

the black magic and satanic rituals and Child abuse that ensues is horrendous! All designed to feed the parasites who use our fear as their energy source. We give LIFE because we are LIFE and only LIFE can create and decide what is just and true in the balance of Love, not some demonically possessed Judge along with his cohort's minions. The two most powerful things you can tell these demonic people is that you do not wish to contract with them and I do not possess a name as I am merely LIFE expressing itself within this LIFE Form. There laws are all written down on dead paper as they are all dead laws. Their Religion is all about Chaos and creating their order out of that chaos. This includes Islam and all other religions in that Religion is not present to LIFE, it always points to the dead fictions as a form of worship and guidance. All Gods are dead Gods as they need LIFE to animate them. When we begin to focus on LIFE rather than FICTION we will be free. If we possess LIFE we will create our own enslavement, for you cannot harm or interfere with the free will of LIFE without creating the same for yourself. The tricksters put curses on us and deflect them into money, but eventually that money affects all of life as it is present to all LIFE. Eventually the curses come back upon them as they cannot escape the presence and awareness of Love and LIFE.
